Partner David Owen appeared on the latest episode of ACG New York's podcast series to discuss the realities of the cybersecurity landscape in the wake of the COVID-19 pandemic. On the episode entitled "Cyber Security During COVID-19 & Beyond: Are You and Your Portcos Cyber Secure?" David explains how cybercriminals are attempting to take advantage of instability, as well as what firms are doing to assess and protect against data and privacy exposure, and regulations organizations must adhere to in order to remain compliant. The episode can be heard on Apple Podcasts, Spotify, and other podcast stations.
