Wednesday, March 21, 2007 1:00 PM to 4:00 PM

Bart Friedman participated on the Panel of ODX, The Outstanding Directors Exchange. The conference was for directors to exchange real-life experiences and solutions to the issues they face in the boardroom. ODX events are held in partnership with Columbia Business School Executive Education Program.

ODX also honored independent directors of public companies who have been recognized by their peers for making a courageous or valuable contribution to the companies on whose boards they serve. Since its inception in 1998, the program has honored more than 80 corporate directors of American public companies. It operates under the rubric of The Outstanding Directors Exchange - the umbrella organization for the Outstanding Directors Awards and the ODX programs in corporate governance. Its mission is to support the educational needs of today's corporate board members.
