
Emeka C. Chinwuba Speaks on Social Infrastructure at the Infralogic US P3 Forum 2023

Monday, June 5, 2023 4:40 PM to Thursday, January 1, 1970 12:00 AM

Partner Emeka C. Chinwuba moderated the “Social Infrastructure” panel at the US P3 Forum 2023, presented by Infralogic on Wednesday, June 14. The panel analyzed if social P3s are easier to advance than large mass transit projects, how Meridiam’s lawsuit against the University of Iowa impacted the prospects for higher education P3s, how P3s can help to meet the demand of affordable housing, how politics play a role in these projects, and more.

The Infralogic US P3 Forum brings together elected officials, policymakers and state and local transportation agencies with infrastructure investors, P3 developers and contractors, bond arrangers and financial advisory firms to discuss how P3s should be considered as part of the solution for procurement teams to deliver their critical infrastructure.
