## Emeka Chinwuba Moderates Panel at Proximo Nashville Financing America's Infrastructure & US Digital Finance Conference

**Wednesday, May 22, 2024 4:00 AM to Friday, May 17, 2024 1:00 AM**

On May 22, 2024, Emeka Chinwuba will be moderating a panel at Proximo Nashville Financing America's Infrastructure & US Digital Finance Conference called "Taking a Different Road: EV Charging". With over 2 million electric vehicles on the road in the US, the demand for charging infrastructure has grown exponentially across the country, and presents a huge opportunity for investors willing to take the risk. The panel will discuss the levels of financing developers are seeking; qualities that lenders must bring to the table; the scale at which chargers generate returns for investors; and the common hazards in deal structures for EV charging. Peter Rooney will also be attending the conference.
