
Sam Enzer Speaks on Unchained Podcast, “Can the New Solana Phone Go Mainstream? And What the Roman Storm Verdict Means”

Friday, August 8, 2025 4:00 AM to Friday, August 15, 2025 11:38 PM

Sam Enzer, Co-Chair of the CahillNXT Digital Assets & Emerging Technology practice, spoke on the Unchained podcast episode titled, “Can the New Solana Phone Go Mainstream? And What the Roman Storm Verdict Means.”

Alongside host Laura Shin, Sam talks about the verdict of Roman Storm, co-founder of The Tornado Cash, and explains why the result is seen as a partial victory for the crypto industry. He also discusses the implications of this outcome for developers who are creating privacy tools and open-source software.
