
Alfonso Garcia Chan Spoke on the University of Maryland's IP Webinar Series

Thursday, March 5, 2026 5:00 AM to Wednesday, March 25, 2026 12:13 AM

Cahill partner Alfonso Garcia Chan spoke on the University of Maryland's IP Webinar Series, which is a multi-session program addressing intellectual property issues facing founders, academic researchers, and early-stage companies.

On February 26, Alfonso presented the [webinar](#), "*Patents, Copyright, and the Costly Mistakes Founders Make*," which focused on how patents and copyright protect innovation and creative expression, and how founders can avoid common missteps when building and scaling a company.

On March 5, Alfonso presented the [webinar](#), "*Trade Secrets & Trademarks (and the Costly Mistakes Founders Make)*," which examined how trade secrets and trademarks protect confidential know-how and brand identity and outline practical steps founders can take to safeguard their competitive advantage.
