

Cahill Sponsors Leveraged Finance Fights Melanoma

Date: 09/30/21

Cahill is proud to sponsor Leveraged Finance Fights Melanoma on Thursday, September 30, 2021. The event, held in-person at the MOMA, will bring together professionals from the leveraged finance, private equity, and investment communities to fight melanoma, the deadliest form of skin cancer. Founded in 2011, the annual event raises critical funds for the Melanoma Research Alliance, advancing melanoma research and awareness on skin cancer prevention.

The Melanoma Research Alliance (MRA) is the largest non-profit funder of melanoma research. The mission of the MRA is to end suffering and death due to melanoma by collaborating with all stakeholders to accelerate powerful research, advance cures for all patients, and prevent more melanomas.
