
Cahill Represents Lead Arrangers in \$1.5 Billion Commodity-Linked Revolving Credit Facility for Calpine Corporation

Date: 07/21/22

Cahill represented the lead arrangers in connection with a \$1,500,000,000 364 day commodity-linked revolving credit facility for Calpine Corporation. Proceeds from the credit facility will be used to cash collateralize obligations under certain commodity hedge agreements. Calpine is America's largest generator of electricity from natural gas and geothermal resources and one of the largest retail providers of power.
