
Cahill Represents Underwriters in a \$2 Billion Notes Offering for Dell International L.L.C. and EMC Corporation

Date: 01/24/23

Cahill represented the underwriters in connection with a public offering of \$1,000,000,000 aggregate principal amount of senior notes due 2028 and \$1,000,000,000 aggregate principal amount of senior notes due 2033 by Dell International L.L.C. and EMC Corporation. Proceeds from the offering were used for refinancing existing notes and general corporate purposes. Dell Technologies helps organizations build their digital futures and individuals transform how they work, live, and play.
