
Cahill Acts as Lead Counsel to Financing Sources in Approximately €1.4 Billion Financing for Triton Partners Portfolio Company Hanab in the Netherlands

Date: 05/22/26

Cahill represented the mandated lead arrangers, global coordinators and bookrunners in connection with the financing aspects of Triton Partners portfolio company Hanab's approximately €1.4 billion financing, comprised of a €1.125 billion Term Loan B, a €200 million revolving credit facility and a €75 million guarantee facility. The financing was raised in connection with a group reorganisation and will be used to refinance existing term debt, fund a shareholder distribution and provide additional liquidity.

The transaction represents one of the more prominent financings in the Netherlands this year and underscores continued lender appetite for businesses supporting the energy transition and digital infrastructure development across Europe.

Hanab is a leading multi-utility service provider operating across the energy & utility, telecom & connectivity, and building installations sectors in the Netherlands, delivering integrated infrastructure solutions that support the energy transition and advance connectivity and digital infrastructure across the Netherlands.

The Cahill debt finance team was co-led by London-based partners Jeremy Duffy and Shane McDonald, with support from Andrew Kelly and associates Thea Dodwell, Kenneth Panis, Janice Ip and Kaitlin Flores.
