
Cahill Strengthens Market Lead with #1 Rankings Across Bloomberg Q1–Q3 2026 League Tables

Date: 10/08/26

Cahill's Capital Markets and Banking & Finance practices continued their market-leading performance in the first three quarters of 2026, earning #1 rankings in U.S. High Yield Corporate Bonds, U.S. Leveraged Finance and U.S. Leveraged Loans by volume and deal count, and securing a new ranking in U.S. Equity Linked in *Bloomberg's* Q1–Q3 2026 Capital Markets and Leveraged Lending legal adviser league tables.

The firm advised on more than \$77 billion in U.S. high yield bond offerings, capturing 30.8% of the market and increasing its market share by 13.5 percentage points year over year. In U.S. Leveraged Finance, Cahill achieved a 22.6% market share, advising on more than \$191 billion in transactions.

Cahill's market leadership has been fueled in part by its prominent role in significant, landmark digital infrastructure financings in 2026, reinforcing the firm's position at the forefront of one of the fastest-growing sectors of the financing market. This momentum is expected to continue through the remainder of 2026 and beyond.

Cahill has held a dominant market position in U.S. High Yield Corporate Bonds since 2005. The firm also continued its long-standing leadership in U.S. Leveraged Finance, retaining the #1 ranking it has held for more than 15 consecutive years.

The firm also continued to steadily expand its presence across the EMEA and European league tables, with improved positions in European Leveraged Finance, EMEA Loans and Euro Investment Grade Corporate Bonds.

These results reflect the continued strength, breadth and market leadership of Cahill's Capital Markets and Banking & Finance practices across U.S. and international financing markets.
