IFLR1000 - The Guide to the World's Leading Financial Law Firms has ranked Cahill Gordon & Reindel LLP as a "Top Tier" law firm nationally for financial and corporate law in its recently published 2016 edition, including the only Tier 1 ranking in high yield debt for the sixth consecutive year, based in part on analysis that "the firm is an acknowledged market leader with unrivalled experience and expertise in the representation of bank syndicates." The guide also reports that Cahill's accomplishments on the high yield side "should not obscure Cahill's equally savvy work in acquisition finance and the equity and debt capital markets."

Eleven Cahill corporate partners have also been ranked as leading lawyers in the new edition, which reports that "a distinguishing feature of some Cahill lawyers is their holistic grasp of how the capital markets work. This enables them to operate with equal fluency on transformative financings on the equity, debt, and high-yield debt sides."

The IFLR 1000 list is issued by Euromoney Institutional Investor. A description of the selection methodology can be found at: <http://www.iflr1000.com/Home/OurResearch>.
