32 Old Slip

New York, NY 10005

Chris Clement represents leading investment and commercial banks in financing and liability management transactions, including debt and equity offerings, exchange and tender offers and leveraged loans.

He has represented the financing sources and arrangers in numerous acquisition-related financings, including the going-private acquisition of The Ultimate Software Group by Hellman & Friedman, the acquisition of Rocket Software by Bain Capital, the acquisition of Multi-Color Corporation by Platinum Equity, the acquisition of Family Dollar by Dollar Tree, the acquisition of Avendra by Aramark and the combination of Change Healthcare and the majority of McKesson Technology Solutions.

Chris has represented the underwriters and initial purchasers in several recent public and private bond offerings, including for Telesat, Husky Injection Molding Systems and Avient Corporation.

Chris has experience practicing in a variety of industries including media and technology, oil and gas, homebuilding and building products, food and beverages and healthcare.
