
Jason Schwartz Authors “Tax Reform: Effects on Funds and Securitizations” in Bloomberg BNA

Date: 11/22/17

Cahill partner Jason Schwartz published “Tax Reform: Effects on Funds and Securitizations” in *Bloomberg BNA*.

The article examines how the tax reform proposals from the House and Senate impact securitization vehicles and investment funds. This includes proposals related to flow-through business income, self-employment tax for investment professionals, carried interest, deductions for interest expenses, and contributions to “keepwell” agreements.
